DIRIGIBLE

Shenandoah Lands at Her Home Station In New Jersey

ON TRIP 18 DAYS

First Ship to Fly Across United States and Return

(BULLETIN)

LAKEHURST, N. J -- (By Associated Press)—The navy dirigible Spenandoah came to earth at her home station here just at midnight, after a journey of 9,000 unles across the country and back, which had taken 18 1-2 days.

ABOARD U. S S SHENAN-DOAH VIA RADIO TO FORT HAYES, COLUMBUS, Obio—(By Associated Press)—A new era in the history of lighter than air navigation was written Saturday right when the big navy airship Shenandoah hovered gracefully over its home hanger at Lakehurst, N J, completing its re- and \$15 for Mrs. Loretta Durmarkable and recordbreaking 9,non-mile cruise.

Not only were the world's records of achievement broken but a greater thrill came to the country from the fact that the first Amerfean built rigid airship had made, the first vovage across the United as any ship ever faced, had been

The Shenandesh cast off from the mooring at Lakehurst and crarted its long craise at 10 a. m October 7 At 11 o'clock Friday oright 445 hours had passed since the start In that time the Shenaudesh had been tiving with its entering for 257 hours and the September payroll was \$4.20 tically complete, the stage is nearly set for the elaborate Mardi Gras and jollification which the business men of the city will atage in the Public-sq and on Main-st Hallowe'en night, Friday, Oct. 31, members of the committees in charge announced Saturday The latter includes five days or won't last. "an hours that the ship was being "SPECIAL SERVICE" repaired.

AIR RECORDS MORE CASH SPENT AND SPEED HAS CROSSON IS FACING A DEFICIT FOR THE YEAR FEATURED

Appropriation for Deputy Hire Melting Fast Under Increase and Pay for "Special Service"-Commissioners Also Cut Melon for Clerks

Altho Sheriff Crosson was given an increase of \$900 for 1924 over 1923 and a corresponding increase over his predecessor for the running of his office, a deficit stares him in the face unless a program of retrenchment is entered upon

This became evident from the records in the office of County Auditor C. R. Phillips yesterday. Unless the county commissioners, who have boosted the expense of their office as well as having allowed more money for the sheriff, appropriate more money, it probably will be necessary for the auditor to call a halt on expenditures before the year closes. RAPID PROGRESS

Delay Seen In Program For Metcalf-st Improvement

Completion of Lima's \$800,000 street improvement program. consisting of over 50 streets, excluding the improved thorofares hat have been repaired, nears completion with contractors assuring city officials that all contracts let will be completed within the next month.

General progress thrucut the city on the 21 streets awarded at the last letting, including the S. Maiu-st route south onto the Dixle highway, confirms statements of contractors while city commissioners are planning for next year's program which will include new streets incorporated PROGRAM PLANNED within the municipality and many avenues of travel which are still unimproved.

Over 30 streets, costing more than \$690,990, including Main-st from the Otiawa river to the Grand March to Usher In Pro-Pennsylvania tracks, have been improved by paving with brick or aphalt, while on the others included in the extensive program which was mapped out last With committees working hard winter and early this year, work continues uninterrupted with every indication that before winter sets in the gigantic project will be completed. Unrest for Independence is Growing in Country

OLD CUSTOMS RETAINED

Uprisings Suppressed After Much Bloodshed

TIFLIS Georgia-(By Assoested Press)-Three years of Bolshevik rule in Georgia seems to have had no other effect than to make had no other enect than to increase the Georgian people's des re fer independence. Altho in some respects Moscow's dommatter has brought benefits to the 1 e mountain country, not-abt the direction of peace and rity, Georgia appears to be a ring from the same eco-ron; ad industrial depression while weeks the whole of Rus-

air the stimulus of the where tike or Social Democrats, potent element in politics, a large portion is people is still clamoring in ten of the independence Grorg'a lost to the Bolshen is heroic struggle of that the Soviet regards cation as serious is shown 'a t that it has more than ecret agents in Tiffis, who all tendencies at revoluas in the town of Tchiawhere the manganese-ore fed are located, was suppressed boods ed Several hundred teorg as were executed in re-press for this uprising. WINES ARE CLOSED

The Georgians, from remotest times have been a proud, defi-ning pherty-loving people, and they would resent dictation from a Liropean state quite as much as from the Bolsheviks. They are a led gallantly for half a cenagainst conquest by the core of Russia and capitulated They are conscious of great national resources of ther country They therefore, a copposed to all foreign tuteand show no tendency to ab-

h Bolshevik doctrines in spite of their defeat by the Polshevika the Georgians retain al their old national customs and traditions. The men may be Feen on the streets armed with duggers and sabres and dressed in their picturesque close fitting cherkeshas" with rows and rows of miniature receptacles for cartridges on their breasts and re-The princes have retained their old social position, and one sees pedestrians bowing deferentially to there as they pas-

The mancanese ore industry, full growing and wine production, which are Georgias chief sources of wealth, have suffered seriously since the advent of the Communists to power. The man Lanese mines are now virtually dle But if the Bolsheviks have failed to conf r any great ecoomic or social benefits upon the ountry, they cortainly have acted beneficially as a stabilizing, meditabes and political factions of Caucasian states, where ha and technica and racial diff r-

constitution must be pard or side at the office. Factor of the elaboration of the elaboration raining a roster of the elaboration raining. This roster stall a lead New Type of Car Stirs month. Automobile World

It is an open car one moment and 30 seconds later same car is entirely enclosed. Studebaker Duplex ends need of hunting for side cartains in the dark and storm

A new type of car has stirred the automobile world as has nothing since the abandonment of the "buggy" style of body building.

I rate to be to the Kitches C. t. I.

It is the Studebaker Duplex, so called to indicate that it is an open car one moment, and 30 seconds later it is an enclosed car.

Like all great advances in the industrial arts, it is "so simple in operation, it is a wonder it wasn't thought of before" ---

Particularly since its need has been growing, year by year, ever since automobiles were made.

Many people all of the time, and most people part of the time, want an open car-to bring to their riding the fresh crispness of the country air, and a free and untrammeled association with the great outdoors.

Yet for these same people, the snug comfort of the closed car, shutting out the storm and the wind and the cold, has been at times a necessity.

Two cars in one

The Studebaker Duplex is both cars in one. Just pull down the roller enclosures concealed in the roof of the car. In 30 seconds the open car has been made an enclosed car.

No hurried efforts to put up curtains; no hunting for the right one while the storm beats in; no mixing them up in the dark; no exposure through holes torn in them while trying to obtain, for the emergency. the protection given by a closed car - - -

Just pull down the roller enclosures giving instant enclosed car effect.

The body is built substantially-sides, corners and roof frame are of steel. The roof has curved steel

sides and back; hardwood front. Steel, U-shaped cross beams, six of them, support the waterproofed, duplex fabric top and its linings. Here is permanent beauty, no sagging tops.

But Studebaker, on which the whole vehicle-using world has come to depend for reliability, would not rest on only one real contribution to the value given

It must give all that engineering ability could devise.

Striking new features

So there are offered three distinct models of cars, to meet each of the three fields of demand—the Standard Six, with 113-inch wheelbase and 50 horsepower motor; the Special Six, with 120-inch wheelbase and 65 horsepower motor; the Big Six, most magnificent and luxurious of its products, with 127-inch wheelbase and 75 horsepower motor.

Duplex bodies are available on each line. In addition, closed models have workmanship and materials and beauty of line so far above the price class of the car, they must be seen to be appreciated.

Of scarcely less importance than the Duplex feature are other improvements such as, automatic ignition system, lighting control on the steering wheel, new location of emergency brake, improved one-piece windshield and many others.

The body lines, steering mechanism, and even the fenders of the new Studebaker were designed especially for genuine balloon tires. Thus the body lines harmonize with grace and beauty hitherto unattained, even by Studebaker.

Come in and see these new cars.

Her Dream Realized -

EVERY young woman like Mrs. McAndless before her marriage dreams dreams and has visions of her ideal home with her husband, and healthy, happy children to make her joy complete.

But as time goes on her dreams are not realized, she has no children, her life is embittered and it is hard for her to be reconciled to the conditions as they exist.

To every young woman who is in this condition the following letter should bring hope and encouragement, as we know of numberless homes that have been blessed with children, just as this home was, after all hope had been abandoned.

Here Follows Mrs. McAndless's Personal Letter:

"Just a few lines to let you know what Lydia E. Pinkham's Vegetable Compound did for me. I was married going on three years without having any children and finally I went to a doctor and was taking treatments twice a week for pains every month. I used to lie in bed three or four days with them and the doctor would call and inject something into my arm to put me as beep so I would not feel the pains. At last she said I would have to be operated on if I wanted any children. Well, I just happened to go to see a friend with her brat haby and I told her I was going to the hospital, and she said. Don't do it You go and get a hottle of Lydia E. Pinkham's Vegetable Compound and ver won't need any operation. So my husband got me a bottle right away. Now I have two lovely children. Believe me, I recommend the Vegetable Compound to any woman I know has any kind of female trouble. It has helped me and a lot of my friends."-Mrs. A. Mc Indless, 1709 S. Morgan St., Chicago, Ill.

Remarkable results have been shown by a Nation Wide Canyass of Women Purchasers of Lydia E. Pinkham's Vegetable Compound. One Hundred Thousand Women have answered the questionaire that has been sent out, and ninety-eight out of every one hundred have record henefit from its use.

Such evidence should induce Women to try Lydia E. Pinkham's

101 W. North St., on Thursday, Oct. 30th It is our intentions to stock only good reliable sets and equipment, as Radio is no better than the set and parts used to receive it. With this idea in mind, we are starting with the soul pur-

pose to make Radio reception in Lima clearer, louder and consequently more entertaining.

For the benefit of those who alreedy have sets that are not working as they should, we have a laboratory equipped to repair any type of set. MAC RADIO SALES CO.

Canada, and the weather up there, will bear watching in the future if American wheat growers want to get some idea of the pros-pects for a good price on wheat, says R. F. Taber, extension specialtensite course in agriculture at ist at Ohio State university, in a sear College, graduating with message to H. J. Ridge, Allen-co

"We have a wheat crop this year 30 million bushels larger than last year, and still the price is about 30 per cent higher," says Taber. "The reason, or at least part of it, lies

reason, or at least part of it, hes north of us in Canada.

In 1923 Canada produced 474.

199,000 bushels of wheat; this year her estimated production has fallen to 282,042,000. Her normal needs strates were so poorly paid that for home consumption and seed run new invariably resigned after from 80 to 100 millions. So there for home consumption and seed run is a difference of about 200 million bushels entering the world market.

"From now on, when considering prospects for a fair price, the American producer had best watch the weather in Canada. So long as we export nearly 100 million bush-CAR LOAD FANCY CONCORD

Clean Your Car With Mud

It Will Actually Improve The New DUCO Finish

Far from hurting Duco finish, the fine silt contained in ordinary road mud actually improces ils lustre.

Duco resists to an unusual degree the destructiveness of wear and weather. It is the only radical improvement ever made in an auto finish.

Duco's deep, quiet lustre, beautiful color tones, and ususual durability make it the ideal finish for your car.

It can be applied in less than half the time formerly required and has a distinctive, soft Justre that actually improves with age.

We keep abreast of the times with the newest and but in anything of ment.

CHECKER CAB

Wants to Lower Rates

CHECKER CAB methods offer an interesting study in these days of uncertain values and fluctuating prices.

At every possible opportunity CHECKER CAB rates are revised, sometimes despite increasing costs of operation. The public secures the benefit.

Two things make this possible. First is the highly organized CHECKER CAB system with up-todate, efficient equipment. The second is volume

The people of this city will never have cause to complain of CHECKER CAB rates. Inversely as patronage increases, rates decrease. This is a fundamental CHECKER CAB principle and practice and works almost automatically.

Our request for your cab business is based on the simplest or propositions—the best transportation for the least money. We are in the best position we have ever been in to give you this service. We have recently installed in our othice one of the most modern telephone systems money can buy, giving us direct connections to all parts of the city.

RING CEREMONY TO BE READ AT HOME OF BRIDE

Miss Ruth Hamilton to be Maid of Honor-Stanley Latterner Best Man-Rev. William H. Howard to Officiate-Pretty Home Altar Arranged

Bride-Elect Is Daughter of Dr. and Mrs. William H. Parent, W. Market-st-Dr. W. W. Wilkerson Jr., Is Practicing Physician In Nashville, Tenn.

A quiet home wedding of the coming week, yet one of great social interest to Lima, will be that of Miss Fawn L. Parent, charming daughter of Dr. and Mrs. William Harris Parent, 875 W. Market-st, to Dr. William Westley Wilkerson, Jr., Nashville, Tenn. The impressive ring ceremony will be read at the home of the bride's parents Thursday morning at 11 o'clock by Rev. William H. Howard, pastor of the First United Brethren church.

Miss Ruth Hamilton, intimate friend of the bride, will be maid of honor and Stanley Latterner will act as best man. Little Alice Louise Parent, daughter of Dr. and Mrs. Virgil

Mrs. Clara Maple, and Mrs.

CITIZENSHIP COMMITTEE IS **BACK OF MOVE**

Heavy Vote at Polls Requested-Effort Exerted Saturday At Interesting Meeting Here—Resolution Sponsors State Welfare Body Reorganization

"National Book Week" Program Enjoyed-Miss Georgia McAfee, Lima Librarian, In Speech, Relates Influence Of Books on Children

For the first time since women obtained the right to vote and aid in the government of the United States. Lima women are making a real effort to get every woman, who registered at the polls on election day,

Members of the Lima Federation of Women's Clubs went on record as favoring any movement that will bring about the full vote by women in the general election, Nov. 4 and promised to do everything in their power to aid the movement, in the meeting held Saturday at the Barr Hotel.

A nation wide effort is being made by the citizenship committee of the national federation to get more women than men to the polls on election

Mrs. C. M. Garrigus, Faurot- day in the interests of clean poliav, entertained Thursday after- ties and the election of the type noon for the members of the F. of men, who will rightly govern D. The Border Legion A Paramount Picture Appearing until Thursday at the Quilna.

New System of Fat Reduction

Here is a new way for all fat people to reduce. A new way to rid journell easily and quickly of the burdensome fat which makes you miserable. Why should you let yourself ko, resigning yourself to beald Colman in Tarnish

STATUES MADE

E. A. Yerhysmith, famous
sculptor and painter, is hard at work on the plaster replicas of the famous statues that adorn the loyer and lobby of the Paris apera. He has been commissioned to do this work by Universal from photographs and measurements of the originals. The replicas will be used for "The Phantom of the Opera," in which Lon Chency will play the stellar role.

Let yourself go, resigning yourself to being fat, when by using Marmola Prescription Tablet after each year regain healthy, slender figures this war. You, too, can take off your excess flesh in this same pleasant manner. No need for violeti exercises or starvation dieta. Just take one small Marmola Prescription Tablet after each meal and before going to bed. In a very short time your flable, flesh will begin to disappear and soon you will never be admired as long as you are fair-for fat people are slways being made fun of. Eut don't let that work you anymore. One of the foremost physicians of his time discovered the Marmola Prescription Tablet after each meal and before going to bed. In a very short time your flable, flesh will begin to disappear and soon you will never be admired as long as you are fair-for fat people are slways being made fun of. Eut don't let that work you anymore. One of the foremost physicians of his time discovered the Marmola Prescription Tablet after each meal and before going to bed. Faurot Presents Entertaining Musicale Wednesday

Music-lovers of Lima and vi Music-lovers of Lima and vi-tion in the looked forward to with a method and naturally its coning will be looked forward to with a method and naturally its coning will be looked forward to with a method and naturally its said to be seen cally one of best to be seen at the New Orpheum this year and the costumes are both sor of the late Evans Williams. Metropolitan critics have agreed that Morgan is entitled to Williams' crown, and our local musicians who have heard him re cently, assure us that he will be

a great surprise to those not famaliar with his talents.

The idea foremost in the selection of the concert numbers to be offered by the Faurot management, is that entertainment value shall predominate. In the first number, that of Paul Whiteman and his orchestra, the entertainment value was, no doubt. "above par," yet it pleased all tastes and classes, and was unanimously voted a success. In the third number, The Boston English Opera Company, which will offer two of the popular operas. "I Trovatore" and "Bohemian Girl. the entertainment value again will be above the average, owing to the familiarity of the public with the many heautiful selec-tions from these two operas. This

in December. Owing to the varied program presented. This is said to be the to be offered by Phys Morgan in Gering that will be presented on Lims, the entertainment value is one of the form the season.

One of the form the season. One of the features of the week will be "Hallowe'en Night" on Friday. Cash prizes amounting to be done following the inst show of the evening.

Unusually high. In includes English and American ballads, Weish folk-songs which so entranced to Lloyd Geofge and Secretary of Lloyd Geofge and Secretary of Labor Davis, operatic arias and songs from the classical catalogs of the stephing. "CHINA DOLL"

It does not have the power of more experienced and capable a "Passing Show" or the "Pollies" cast of principals and chorus.

tractive.

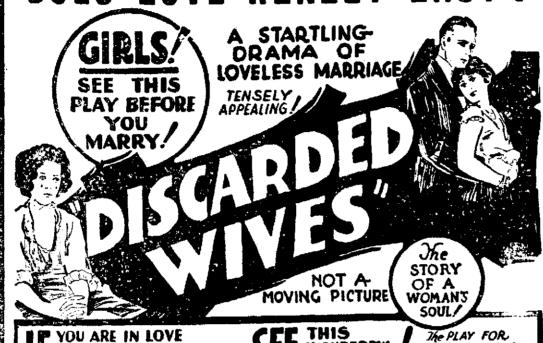

Miss Bronell is known here, the theatrical world.

CAN A WOMAN REFORM A MAN?

Or Does a Man, for Unescapable Reasons of His Own, WIFE SEEKS TO DESERT HUSBAND Sometimes Reform Himself?

Alcohol and Bachelors-Delusion that a Woman, by Marrying a Man, Can Eradicate the Thirst He Has Acquired-Drinkers' Fixed Habits

BY GERTRUDE ATHERTON

 $W_{
m otherwise}^{
m HY~is~it}$ we hear no more about women reforming men, otherwise charming and possibly estimable, but with a fatal weakness for drink? No woman wants to be married to a drunkard, but many women cherish the delusion that by marrying one and having him constantly under her good influence, she can eradicate his thirst and turn him into a model husband. Or do they-still?

Novels used to be written on this fertile subject, generally with a Pollyanna ending; as a subject for discussion it was endless, with its "instances," its cases in point. This man and that had turned from whiskey to water and carameis because his wife threatened to leave him, because her love and distress were more potent than cravings, because of her constant reminders that their children were growing ap, etcetera.

A wise man said to me once, when I was extolling a woman of my acquaintance for a notable instance of rightabout in a heretofore dissipated husband: "Don't give any woman credit for reforming a man. A man often reforms ninself-generally about the age of forty-for good reasons of his own. He feels himself losing his grip, his memory; capacity for sleep and for work are seriously affected, above ill his heart, liver and stomach are acting in a manner to the nearly demise. He takes stock of himself, falls city of heavy drinkers. It is redrink in their youth but acquire science discovered that one form into a panie, and pulls up short.

A BACHELOR'S CYNIC WISDOM

"If his wife has stuck to him she can give him a good heal of help during that period of painful transition when he was setting the paper out him- happen to fall in with a congental he needs both moral support and someone to vent his irrita- self with the aid of the printers, and convival crowd. Inhibitions bility on and to tempt his resentful palate. But she has long that no man had ever suffered in some men strengthen with the ince been too old a story, no matter how much he may care he had, altho he barely knew the ating insidious ancestral promptfor her, to conquer a still more beloved habit—as long as the taste of liquor. mner mechanism held out. If his will has become too enfeebled to overcome the discusse he takes the Keeley cure and keeps it dark; quite value the world should attribute the reform to his admirable wife so long as he recovers his tanding ant, ng men, his efficiency, and his digestion."

More matured observation on my own part has consinced me of the truth of this, altho at the time I demurred because the remarks savored of a bachelor's cynicism. But he was a very wise bachelor whom fortunate circumstances cherished her dreams of reform- of uniform kindness and temeprhad enabled to accumulate a thoro knowledge of both women and men.

Drink in the old days was a disease. Now drink itself diseased and either the self-reforms are more abrupt or old grounds today, for the sillier apparently grew weary of being a there is no time to take stock before collapse. At all events, the hears no more romantic sentimentalism about the in- an increasing number who do not that she has lost all influence fluence of good woman over erring man whose particular drink at all. The HOME LIGHTING

Get This Primer -FREE Doss and Girls! In

order to enter the confest you must first get this Home Gighting Primer. Primer at your school or at The Olilo Power Co.

To win you must

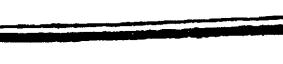

Home to be given FREE

A LL of the school boys and girls of this city over ten years of age have a change to win this \$15,000 home.

The home and ten scholarships to universities or colleges will be given as prizes to school boys and girls of the United States and Canada in the Home Lighting Contest.

The purpose of this Home Lighting Contest is to conserve the eyesight of children. Imprope. lighting in the home is injurious to eyesight. Teaching the children the proper use of light will help to soive this problem.

Chlorine Gas

The reports of the U. S. army surgeons on the curative value of Chlorine Gas in certain diseases read like modern miracles. Out of over a thousand mixed cases 70% cures are reported.

It is gratifying to find that Chiorine Gas is now available to any person in his home. The gas is combined with other valuable healing agents in a liquid form and has been named Jo-Vex.

Most important of all, it has lieen found that this new product. Jo.Vex. stops the treacherous gum disease known as Pyorrhea which is usually accompanied by sore and bleeding gums, loose eeth, etc., and which results in broken health and false teeth unless mastered.

Druggists are ordering Jo-Vex for local distribution. Hunter's Orug Stores and Enterprise Drug Store have just received fresh shipments direct from the laboratory. If your druggists's supply is exhausted The Jo-Vex Chemical Co., Akron, Ohio, will send a full size hortle with complete instructions upon receipt of \$1.00.

Don't be misled by cheap substitutes. The genuine Churngold comes in the red and green package at all leading grocers.

Distributed by THE CHIO DAIRY CO

Re-roof for the last time. --- right over the old shingles

fand Art Museum, Cleveland, Ohio, roofed with Johns Manville Built-Up Asbestos Schong.

For Sloping Industrial Roofs - Johns-Manville Ashestos Roll Roofings protect against fire, smoke, alkali as well as against weather.

SIMPLE and efficient! Just lay Johns-Manville Asbestos Shingles right over the old wooden shingles. No need to tear off the old roof. No dirt! No clutter! And in almost no time you have a new and beautiful asbestos roof that will shelter your home for years to come.

You save the cost of tearing off the old shingles and you eliminate the danger of damage to your upstairs rooms from sudden rain storrns.

But this saving and precaution, desirable as they are, seem only incidental when you consider the far greater savings you make by having, at last, a permanent asbestos shingled roof on your house. You need never worry about roofing repair bills. When you re-roof with Johns-Manville Asbestos Shingles you have re-roofed for the last time. Their first cost is their only costand this first cost is surprisingly lowespecially so with the savings effected by this method of re-roofing.

Double-roof protection

You not only save money by not tearing

better roof by leaving it on! The old roof, underneath the new, becomes a protecting, insulating blanket. Dry wood is an excellent insulator. You are quite likely to find the upstairs rooms warmer in winter and cooler in summer because this twofold roof helps to keep outside temperatures outside.

There are two kinds of asbestos shingles-rigid and flexible. Either can be laid over the old roof.

A roofing of asbestos for every type of building

Besides the Asbestos Shingles, our line includes Built Up Asbestos Roofings for flat roof buildings and Asbestos Roll Roofings, both slate-surfaced and plain, for all types of sloping roofs, industrial buildings. sheds, garages, farm buildings, etc., and that comfort-giving material for lining walls, floors and roofs, Johns Manville Housline, which insulates your house against heat, cold and noise.

Consult the dealer or contractor nearest off the old roof, but you actually have a you see list below), and fill in the coupon. JOHNS-MANVILLE Inc., 6300 Euclid Avenue, Cleveland, Ohio
